# Planetary Vibrational Medicine:

## *Harmonizing the Body Human with the Music of the Spheres*

Offered by:

MichelAngelo, M. F. A., C. T. M., *Energy Astrology* □  
*Director of Astrological Medicine & Musical Studies*, □  
Kairos Institute of Sound Healing, LLC (Acutonics)  
Co-author, Acutonics®: *From Galaxies to Cells, Planetary Science, Harmony, and Medicine* (2009)

This unique series of 7 lecture topics plus a live demonstration will introduce the novice or seasoned astrologer to an exciting synthesis of Western medical astrology and Oriental medicine, uniting two disparate but equally dynamic healing traditions in a powerful ritual of vibrational transcendence. In this 21st century approach to astrological consultation, the Music of the Spheres is utilized to re-harmonize the individual through a creative synergy of astrological divination and hands-on bodywork with planetary tuning forks, thus transcending the 20th century psychological "talk therapy" paradigm.

The 7 topics may be summarized as follows:

1. The Meridional Horoscope; *Acupuncture Meridians & the Zodiac*
2. 5:12; *Locating the Chinese Elements in the Western Horoscope*
3. The Eight Extraordinary Meridians: *Portals of DNA Transformation*
4. The Music of the Spheres; *Healing with Planetary Sound*
5. *The Archetypal Significance of Musical Interval*
6. *The Body is a Planetary Landscape*
7. Chart analysis plus hands-on treatment demonstration

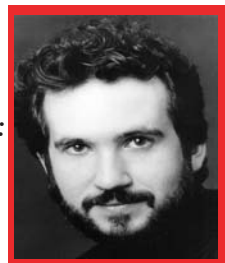

The traditions of our art have always emphasized the crucial importance of planetary "attunement", through such means as the creation of planetary talismans, the Vedic upayas, i.e., gem therapy, etc. These vibrational planetary tools permit the skillful practitioner to re-align these vital cosmic energies at the cellular level, with the potential to re-direct individual destiny.

MichelAngelo, M. F. A., C. T. M., is an opera singer, classical composer, pianist, astrologer, healer, teacher, diviner and writer, and has a long-established healing practice which features a unique synergy of astrology, divination, sound and harmonic medicine.

He is a Certified Acutonics® Practitioner and Teacher, and, as Acutonics® *Director of Astrological Medicine and Musical Studies*, serves as co-developer and co-instructor with Acutonics® co-founder Donna Carey for advanced practitioner and teacher training. He has also created his own electives in Western astrological medicine applied via the Acutonics® sound healing system, which he teaches in locations around the United States.

He is a principal co-author to the forthcoming Acutonics® advanced level textbook, *From Galaxies to Cells: Planetary Science, Harmony and Medicine*. MichelAngelo collaborated with Acutonics co-founder Donna Carey on an article on the new Kuiper Belt object Sedna for *Oriental Medicine Journal's* water issue, and also appeared with her at the 1st International Sound Healing Conference in Santa Fe, NM in November 2006.

He has written an article on astrology and harmonic medicine as his Acutonics® practitioner thesis, and collaborated with Mary Elizabeth Wakefield on the creation of the Acutonics® elective courses, *Facial Soundscapes: Harmonic Renewal™*, *Planetary Soundscapes: The Cosmic Countenance™*, and *The Transcendent Face™*.
